VISHWA HIRPARA

UX/UI DESIGNER

vishwa@maeven.design | Mumbai | Portfolio | LinkedIn

UX/UI designer who takes dense, multi-stakeholder information and turns it into interfaces people can actually navigate under pressure. I work end to end research, flows, systems, and the handoff details that keep a design intact once developers build it.

WORK EXPERIENCE

Third Coast Psychiatric Group | Freelance UX/UI Designer — **Mar 2026-Present**

- Designed landing and contact pages for a mental-health practice, structuring service, provider, insurance, and telehealth information into a single navigable flow.
- Consolidated FAQs and appointment actions into a streamlined path so patients can find and act without leaving the page.

Right From Start | UX/UI Designer, Full-Time Contract — **Feb-Apr 2026**

- Designed a startup's public website and three internal dashboards founder, investor, and partner each built around distinct information needs.
- Built a shared UI system and motion direction adopted by developers, replacing inconsistent one-off screens.

Midwest Service Center | Freelance UX/UI Designer — **Jun 2025-Jan 2026**

- Redesigned an industrial-services website end to end restructured a disorganized service catalogue, and designed user flows, responsive navigation, and full visual direction.
- Reworked page architecture so customers can locate and request specific services without contacting sales first.

CRITSO | UI/UX Design Intern — **Dec 2024-Apr 2025**

- Conducted user research and translated findings into wireframes and interactive prototypes for a finance-management app.
- Designed the product logo and core UI system in Figma, taking the app from early concept through a testable prototype first end-to-end design process, under mentorship.

Vola Arts | Entrepreneur, Jewelry Design and Sales — **Dec 2024-Apr 2025**

- Founded and ran a jewelry business end to end product design, client relationships, and exhibitions.
- Iterated pieces based on direct customer feedback and created Canva/Picsart content to support sales.

ACADEMIC PROJECTS

WMS — Wedding Management System — **Aug-Dec 2024**

Designed and developed a PHP system for event planning, vendor management, and user customization.
Structured vendor and guest data into a single workflow, replacing what had been spreadsheet-based coordination.

Fresh You — Online Produce Website — **Jan-Jun 2023**

Built a responsive HTML/CSS website for online fruit and vegetable sales.
Designed product listing and cart flows to work cleanly across mobile and desktop.
